

Welcome

CMI101 – DCMA Multifunctional Orientation

Dear New Team Member,

On behalf of our Agency Director, welcome to the DCMA Team! People are what make this Agency great. Whether you are a recent college graduate, served in the military, or worked in industry, know that the work you perform as part of the DCMA Team is a collective effort that leverages our unique talents to execute our Agency mission. Together, we support America's Warfighters by ensuring that conforming products get delivered on time. Our mission is to serve as the independent eyes and ears of DoD and its partners, enhancing warfighter lethality by ensuring timely delivery of quality products, and providing relevant acquisition insight supporting affordability and readiness. Fulfilling our mission means our warfighters have what they need when they need it and can be confident that those products will perform every time. Working together as a multifunctional team is crucial to mission success and inspires our Agency vision: One Team, One Voice delivering global acquisition insight that matters.

CMI101 is intended to provide new employees with a multifunctional orientation encouraging cross-communication and shared learning experiences. In this collection of self-paced learning, you gain exposure to DCMA fundamentals through a variety of instructional methods such as simulations, games, and other visual aids, as well as guided interaction with other functional specialists. CMI101 comprises five major areas of study: (1) Multifunctional Team Support of the DCMA Mission; (2) Prior-to-Award Activities; (3) Contract Receipt and Review; (4) DCMA Surveillance; and, (5) Contract Closeout. As each area is completed, students should not only gain a better understanding of how we perform as a multifunctional team but also attain a collection of downloadable job aids, references, and additional resources.

Excellence is our obligation. Excellence in the work we do, as well as the products we deliver. CMI101 provides the basics to help you get started, along with additional resources for you to continue your learning journey and help you excel. Remember, you are not alone. We are "One Team", so collaborate with your team members to make the most of your DCMA experience. Know your contributions are valued and what you do makes a difference. Again, welcome aboard! Please be sure to complete all CMI101 surveys so we can ensure the best possible experience for newcomers like you in the future.

Sincerely,

Marie A. Greening, SES
DCMA Deputy Director
